BKR Fordham Goodfellow Announces the Formation of One Tech, LLC

(Hillsboro, Oregon) – BKR Fordham Goodfellow, a Portland area accounting and consulting firm, is pleased to announce it has launched a new technology division, One Tech, LLC.

One Tech will provide BKR Fordham Goodfellow clients and other organizations in the Portland area with a full range of technology services, including technology assessment planning, hardware and software procurement, network services, telephony, HIPAA compliance, and maintenance and support.

“As we work with clients, our professionals often uncover business issues that are the result of their technology shortcomings,” says Lester Fordham, Jr., managing partner of BKR Fordham Goodfellow. “We saw an opportunity to serve those needs and to increase our level of client service by creating a dedicated technology offering. We know if our clients face these issues, so do other organizations in our area.”

The new division will be led by Brent Goodfellow, a CPA and a Microsoft Certified Systems Engineer, Trainer and Business Solutions Professional. Goodfellow started working in the technology field after getting frustrated with the technology providers he saw working with his accounting clients.

“I found technology providers were not taking a business approach to technology needs,” Goodfellow says. “They were implementing technology for technology’s sake and not looking at how technology could solve business issues or increase a company’s bottom line. As a CPA, I was frustrated with the lack of measurable return on investment.”

The result of Goodfellow’s frustration is One Tech. “The name One Tech represents our philosophy that business and technology should work together as one,” he says. “One Tech’s professionals treat technology issues like business issues and use the systematic approaches honed in the accounting industry to provide clients with reasonable timelines and expectations as well as measurable business results.”

BKR Fordham Goodfellow provides assurance, accounting and tax services, and management consulting to individuals and businesses throughout the Portland area. As a member of BKR International, an association of leading independent CPA firms, BKR Fordham Goodfellow and One Tech have the added resources of more than 120 CPA firms in more than 300 cities worldwide.
